

Public High School

School Profile

The Lavaca High School is committed to providing students with a quality education that will prepare them to be lifelong learners and productive citizens. It is a quiet rural community nestled in the heart of the Ozark Mountains. The nearest city is Fort Smith, Arkansas. Lavaca High School is excited to welcome international students into the high school and community. Students are encouraged to share their own culture at the same time as they are expected to be active in school to learn and live US culture and daily life, with the support of the entire community, not just one host family. The school has knowledgeable staff members who genuinely care for children. Lavaca High School strives to create an atmosphere that not only builds minds that think, but hearts that care and hands that serve.
