### SUPERB GIRLS' SCHOOL OFFERING A WIDE RANGE OF ARTISTIC AND CULTURAL EXPERIENCES TO STUDENTS!

The school offers a fantastic Transition Year programme which encompasses a range of learning experiences and new opportunities such as sustainable fashion design, coding, Chinese language and culture, producing a school newsletter, film-making, first aid, beauty, photography, mechatronics, and community volunteering.

Excellent pastoral care ensures all students are cared for and their wellbeing and progress is a priority for school staff. Art plays an important part in school life at St Louis and many students have achieved places in prestigious art colleges such Ireland's National College of Art & Design and have gone on to pursue careers in the artistic and creative industries. Debating, drama and poetry recitation are all encouraged to boost students' confidence in their public speaking skills.

Dance, music and sports are at the forefront of the school's extra-curricular offerings, including Irish dancing and music, jazz and ballroom dancing, basketball, camogie, athletics and football.

### Where is St. Louis Secondary School?

### Facts about Monaghan

## MONAGHAN

Co. Monaghan is a vibrant hub centred around the medium-sized and attractive town of Monaghan. Situated just a 90-minute coach journey from Dublin city centre, it's the perfect placement area for students who want an authentic small-town Irish experience, whilst still having easy access to the bustling capital city for weekend day trips. The county is also ideally situated just a short distance from the Irish border so students can also venture to Belfast, the capital of Northern Ireland, to take in a

wealth of arts and culture and even visit the world-famous Titanic Museum. Monaghan itself offers a superb range of activities for students to get involved with in their free time including great shopping, sports and even Irish dancing lessons! As one of Educatus' most established placement counties in Ireland, students who choose Monaghan will settle into a sociable and safe community of local people who love welcoming international students to the area.
